Awesome single din head unit

This single din touch screen Android unit fits in my 2018 freightliner Sd114.

The plug that came with the radio plugged directly to my stock wiring harness.. did no cutting or tapping into wires.. It was not that hard to install. I was very pleased with the way the unit operates. I had one issue with date not advancing after installing, emailed the support address and within a day had a software update sent to me which was easy to install. Then I

made a suggestion to have the current time available on all mode screens and within a week they took my suggestion and sent me another software upgrade to show current time on all screens. Very happy with unit, great sound, easy to use an install, and support team is on it. Thanks to the support team for a good experience.

For the Price I love it..
