

Android System • Re: Dab issues Ford mondeo

Hi,

Sorry for the late reply due to the National Day.

About the dab app, you can connect the DAB box to the unit correctly, it will work when you enter into it.

Here is a forum about how to connect and use the dab, hope some help.

viewtopic.php?f=14&t=290

About the apps with data to sd card, sorry that this unit does not support it, only a few apps can be moved to sd card.

If the dab app look like the above forum shown, we don't have the new one.

And if you want to flash the unit with update firmware, please tell us if you have other problems, and the current system version on the unit.

Regards

Wince System • Re: Bluetooth / Radio Volume LM-W0352A-DE-A

Hi,

Sorry for the late reply due to the National Day.

Regarding your issue, you can enter the Setup-General-factory set(3368)-Volume balance to separately set the bluetooth volume and the other volumes.

Hope some help.

Regards

General Configuration • Re: Just bought a new unit - Was it a mistake (too many issues)?

Hi,

Sorry for the late reply due to the National Day.

Regarding your issue, you can try to install the latest firmware to check.

Here is the link for you.

[https://mega.nz/#!ZYFCGIZY!vLVpc2S_zPiz ... xD2mRZkC60](https://mega.nz/#!ZYFCGIZY!vLVpc2S_zPiz...xD2mRZkC60)

For the volume issue, you can enter the settings–factory settings(126)–others to set the “wheel3”.

For the radio keep changing, you need to turn off the AF and TA after you search the stations.

For the inconsistent volume levels between apps, sorry about this, this unit can only support to set the volume level of the the default apps, such as Radio, TV and Bluetooth.

For the android 6.0, currently we don't have the new update, if it's available in the future, we can post it here.

For the Bluetooth tethering, this unit does not support it.

For the return policy, the warranty time is one year, even beyond one year, you can still return it back to us for repair.

Within 7 days, you can return the unit back to get refund or exchange whatever the reason.

Regards
