When must you wash your car?

Don't: wait until it is caked in muck

Longing until your vehicles fully filthy prior cleansing it may free up more time on a weekend, however it's surely won't do your paintwork any pleasant. The slightest coating of dust and dirt can lead to abrasion and premature wear, and also if your vehicle looks cleanse, this does not signify you should not wash it daily.

Do: shampoo it each fortnight

To retain the paintwork in peak case, provide it a wash each fortnight or so. This will aid to reduce unessential abrasion, and ignore the onset of rust. Few folks wonder cleaning a vehicle daily will detach the preservative coating from its paintwork, however this is not the scenario – unless of course you utilize the wrong sort of item.

What items must you utilize?

Don't: utilize standard household cleansers

Fairy chemical might detach grime and grease from your cutlery; however it will do a huge deal more to your auto – for instance, like moderately strip its paintwork. Household cleansers are not made for use on autos, and frequently effective enough to detach the preservative wax surface from its external.

Do: spend in quality car cleansing items

When it's the matter of car washing, leave the house cleansers under the sink and outreach for a specialist auto shampoo rather. Due to shampoo is secure for utilize on any paintwork finish, plus attributes a deep cleansing formula that will detach stubborn debris and dust while providing complete shine

and protection.

Don't: trust that wax will detach swirl marks

Swirl marks are fine scratches that appear on layer of your vehicle's paint as an outcome of improper cleaning practices, like detaching dirt and dust utilizing a dry fabric. Some folks may tell you that covering car in wax will detach the marks; however this is not the scenario. Rather, the finest manner to detach swirl marks is with the quality auto polish.

Do: rinse your sponge daily during cleansing

To decrease the risk of swirl signs in future, ensure to rinse your sponge daily during car wash, preferably in separate bucket. Dust practices on sponge can effortlessly cause harm to paint, hence try to get cloth or sponge as clean as viable prior bringing it back to paintwork.

[How to Set Up a Car DVD Player for Your Car](#)

If you have kids, take your car on long trips or enjoy camping, you may wish to install a DVD player in your car for entertainment on the road. You can purchase car multimedia player and LCD screen, or just a plain DVD player to use with existing LCD screens in your car.

Steps:

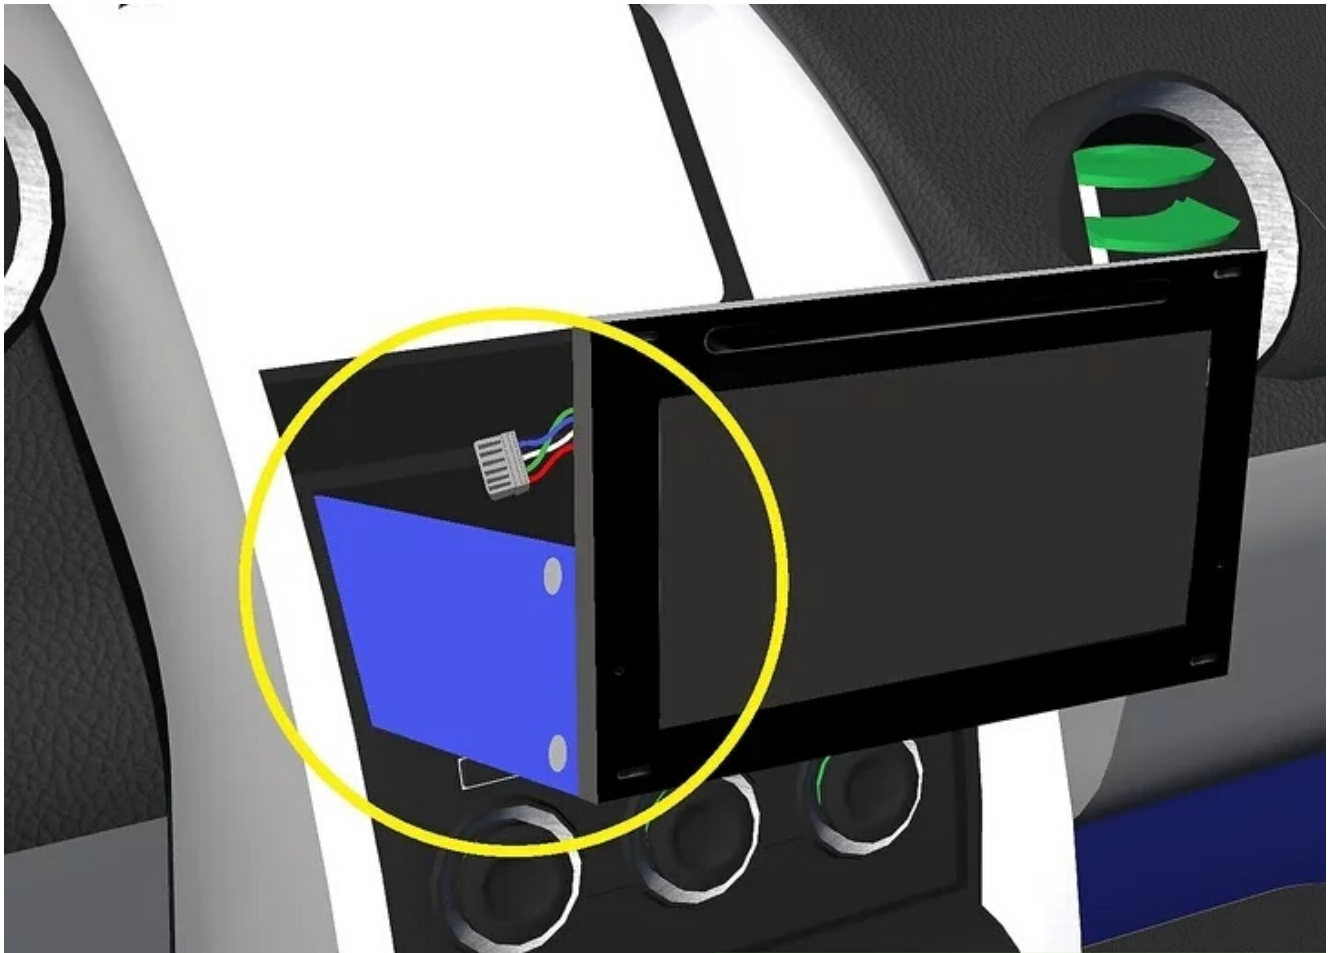

1: **Open the hood of the car and disconnect the battery.** You can disconnect the negative cable only and still be safe, but it's best to disconnect both the positive and the negative cable.

2: **Using the proper screwdriver, take out the screws holding the factory stereo in your car's dashboard, then remove the stereo from the dash.** You may have to remove parts of the dash to take the stereo out.

3: **Carefully remove the connectors from the back of the stereo.** Check the connectors to make sure they're not broken or dirty.

4: **You can buy a wiring harness designed for your vehicle at a car audio and video equipment dealer; these are intended for aftermarket installations.** Connect the wiring harness to the car's connector. See the wiring harness instructions for the proper connection.

5: **Insert the car DVD player in the aftermarket installation kit head unit.** All dashboards are different, so you must buy an installation kit that matches the make of car.

6: Connect the other end of the wiring harness to the back of the car DVD player. Connect the antenna cable to the antenna input on the back of the car DVD player.

7: Insert the car DVD player and the installation kit in the car's dash. Put in any screws that are required and replace any dash panels that you removed.

8: **Replace the battery cables and make sure they are tightened.** Close the hood and turn on the car. The [car DVD player](#) panel will light up if the installation was successful.
