

# Great value and features

**Android 10**  
PX6 CAR RADIO PLAYER

9" SCREEN  
RAM 4GB  
ROM 64GB

Wasn't expecting this [double din sat nav dvd player](#) with reversing camera to be anywhere as superb as it is considering the very low price.

Fitted perfectly, great sound and packed full of features. Sat nav is extremely good and can't fault it at all in the couple of weeks I've been using it.

Simple plug and play when you buy a harness adaptor for your make and model of car. Everything worked first time.

Would definitely recommend and a friend has bought the same unit after seeing mine. Think that says it all.

-

# Affordable infotainment system

Android 10 RAM 4GB ROM 64GB

Honestly for the price its a [great unit](#) that will do it all, but you do get what you pay for so the price point is the reason for my 5 star rating.

This is a sleek and easy to install unit. As long as you have the basic tools for electronics you will be able to install easy. Great GPS as well helped me on a 3 hour trip today.

But what is most important about any product is the service you get after. Pumpkin was very quick to resolve a few slight problems I had. Their employee Chloe, that i worked with, was very polite, prompt and took care of my problems. I was very very surprised with how well the interaction went. So what I am saying is, If your on the fence about this unit, buy with confidence, because if you were to have a problem you will have great support to assist you. Would recommend the product and the company. A++ in my book. Well done.
