**[Kundenmeinung auf Pumpkin](#)
[Android 5.1 Audi A3 Autoradio](#)
[GPS Doppel Din mit Navi-](#)
[RQ1221E](#)**

Der Einbau des [Pumpkin Audi A3](#) autoradio war überraschend einfach und dauerte nicht mal 30 Minuten. Am Anfang hatte ich gewisse Problemchen das Uhr und die Belegung der NAVI-Taste einzustellen aber dank der Unterstützung von den [Pumpkin](#) habe ich jetzt alles in Griff. Aus diesem Grund habe ich jetzt nachträglich die 5 Sterne gegeben. Vielen Dank an Lieferant! Sonst, alle Apps laufen sehr schnell und die Grafik sieht toll aus. Das Gerät passt sehr gut zum Audi S3 Cabrio (siehe Foto).

– von Kunde

Ich bin mit dem Navi sehr zufrieden. Der Einbau war für mich sehr einfach, jedoch sollte man im Vorfeld einen Fakra Antennenadapter/Phantomeinspeisung kaufen, da der beiliegende Antennenadapter mit nur einem Anschluss wahrscheinlich nicht so eine gute Performance bringt. Das beherzigt und natürlich richtig eingebaut ist alles perfekt. Der Radio empfängt ist sehr gut, ebenso die Navigation. Den Empfänger hab ich dabei im Handschuhfach positioniert. Die Navi apps funktionieren

alle sehr gut darauf. Ich persönlich hab mich für Navigon entschieden, funktioniert in der aktuellen Version sehr gut . Freisprecheinrichtung funktioniert auch super...das externe Mikrofon braucht man echt nicht dazu anschließen, das interne ist schon echt gut.

Wertigkeit und Verarbeitung sind sehr gut...passt perfekt ins Auto rein, wie Original eigentlich.

Einbau hat in meinem [A3](#) Baujahr 2008 mit verlegen von USB und Empfänger ins Handschuhfach 2 Stunden gedauert. Software rauf nochmal eine Stunde über WLAN gar kein Thema, der Sender sollte aber nicht allzu weit weg stehen.

Also ich bin voll begeistert und kann es weiter empfehlen... es ist wirklich super!

– von H Michael
