

Customer Review on Pumpkin 2GB RAM Android 5.1 Car GPS DVD Player 2 Din

[Pumpkin 2GB RAM Android 5.1 Car GPS Radio 2 Din](#)

This [Android 5.1](#) Car GPS Radio is just released on November. I bought it because this has more features than the previous [Pumpkin](#) car radio.

The radio is very well-finished and you can use all Android apps. What's interesting is the Android Auto 2.0 APP. This app IS designed for the car by Google and works very well on this radio (see photo).

The sound is very good, also the active subwoofer works good. All offline and online navigation software (TomTom, NAVIGON, Google maps) work very well and music or radio can be heard at the same time.

All offline and online navigation software (TomTom, NAVIGON, Google maps) work very well and can be heard at the same time music or radio.

I've tried out equipment several brands in (Sony/pioneer /...) and was never satisfied.

According to the warranty card, there are 18 months warranty.

For the very low price, you get a top new radio and a very good support (many new cars have still navigation without life traffic)
