

Customer Review on Pumpkin Android 5.1 7 Inch Car GPS DVD Player Stereo for BMW 3 Series E46/M3

The [Pumpkin BMW](#) dvd gps car radio was delivered very quickly. The scope of supply is very extensive. The multimedia player is with 7 inch multi touch screen, all connection cables with can bus adapter, a remote control, a double USB cable of a microphone and a detailed manual in German

Appearance-Processing Technology

The device has a 7 inch touchscreen of 17.78 cm which is protected with a protective film, the film will be removed after installation, the mount along with the buttons and control knobs are made of high quality plastics. The device has a micro SD and GPS card for memory expansion and the map card input is up to 32 GB, It can be connected to a Smartphone via mirror link directly. The processing is absolutely high quality and perfectly. The CPU of the Android 5.1 Operating system is PX3 Cortex A9 Quad Core 1.6GHz, the memory is a DDR3 RAM 1 GB, the internal memory is 16 GB, the screen resolution is 800 x 480, the output power: Max 4x50W.

Start Up

The device needs approx. 15 seconds to boot up. You can extend the standby mode up to 5 hours, so that the device directly turns on after running in this period of time . I have the mode on 30 minutes.

Sound

I've installed front and rear high quality 2-way audio system. The sound in combination with the 4 x 50 watts of the amps very good. I'm fully satisfied.

Android

The [Android 5.1](#) system runs in conjunction with the quad core processor absolutely smooth without juddering, therefore you can download any app in the [Android](#) platform from Player Store and you can delete apps if you like.

Media Player-DVD

- > Very good equalizer with very good sound quality

- > Many setting possibilities
- >Random play, playback of all or individual titles possible
- >Titles are represented with ID3 tag display
- >Clear folder structure
- > The player plays all known music and video formats
- > Das DVD Laufwerk spielt Regionsunabhängig alle DVD'S ab

Navigation

I can download any navigation app from play store and get off-line maps.You can also use google map if you have access to Internet via 3G or WIFI.

light

The light turns on automatically and dim automatically, the light color fits perfectly to the instrument lighting from E 46 and is also customizable.

Special features

There is a custom menu in which hide functions can be activated here you must enter the password 126, It can read and set different wallpapers in 3D. I've adjusted the black hole, This looks very nice. The w LAN reception can is good.

Conclusion

This multimedia system has left a very good impression on me.

It enhances the cockpit of the E46 a lot, the materials used are of very high quality and processing is perfectly, all functions can be operated easily and quickly. The system is mature, It looks exactly like the original BMW Navi, the technology brings my BMW Multimedia back up to date. And at this price, I fully recommend it.
