

Customer Review on Pumpkin Audi A4 Android 5.1 Car GPS Radio Stereo

It fits and work perfectly on my [audi](#) a4 b6.

–by Rusu

Couldn't be happier with this [Pumpkin](#) unit
After a few months of living with it I feel like I'm in a
position to give a good review
Connectivity for this unit is good [android](#) iPhone all work
well after you have configured your device
Bluetooth works well and all my steering wheel controls that I

have configured work well

Sat navigation, using waze works well

Only thing I have yet to work out is how to remove widgets
grrrr apart from that buy one you can't go wrong.

-by David

Its an amazing stereo. it really look nice on the B6.

But i've to say that the costumer service its the big up i'm
giving here. They are very professional and concerned about
your satisfation.

Thanks
