

Customer Review for Pumpkin KD-C0713 Mazda 3 Android 4.4 Double Din 7" HD Touchscreen Car Stereo

By **Steve**

I installed [this stereo](#) in my 09 Mazda 3. I say “stereo” but it really is so much more. It’s more like an entertainment center for my car, because it has changed the whole feel of travel. Simply put, I love this!

▪ GPS

Great GPS included with accurate maps and still can use video outputs, so DVDs play to rear monitors for kiddos in the back seat.

▪ APP

All the apps I’ve tried work flawlessly and switching between them is very fast.

▪ **Quality**

Not much else I can say other than if you are debating on this unit, take my word for it, you will be very pleased with the build quality and ease of install.

▪ **Audio**

I should also mention the audio playback is well above stock [car stereo](#) sound and everything is crisp and clear.

▪ **Customer Service**

On a side note, I contacted the seller to ask a question about SD card playback and was pleased to get response almost immediately. It seems that customer service is top notch as well.
