

[\[Installation\] Pumpkin 7" Single Din Bluetooth Car Stereo with Flip Screen Navigation install on Volvo XC70 year 2002](#)

Here, we show how to install the 7-inch single din flip-out screen car radio in the Volvo XC70 year 2002. This is a universal car radio, it integrates with the RDS radio, Bluetooth BT hands-free calling and music streaming, GPS navigation, phone mirror-link, steering wheel control, Wi-Fi, and compatible with external USB, SD card, the Android Auto/Apple CarPlay USB Dongle, DAB+ digital radio box, OBDII car scanner device, and backup camera. The display car radio is an Android 9.0, but Pumpkin has already released the Android 10 version car radio now. You can search on the Pumpkin official website.

[Perfect for my Honda Civic 2007](#)

I bought a [Pumpkin 2 Din 7 inch Android car radio](#) several weeks ago. It is perfect for my Honda Civic 2007.

The sound quality isn't the best I've heard, but still very good. The touch screen is instantaneous, and I love that you can download apps to it. The wifi and GPS have worked flawlessly so far. I've used both my home wifi in the driveway and my phone as a mobile hotspot. The video quality isn't as sharp as my phone but far exceeded my expectations. I've made several Bluetooth calls and asked the person on the other end how it sounded, and they couldn't tell I was on Bluetooth. I ordered the pumpkin backup cam which also works awesome, but the wiring instructions were garbage. My only issue so far is that I seem to have to connect the BluPetooth every time I get in. There is an automatic connect function, but it doesn't seem to quite work. It's quick and easy to do from the head unit, so not that big of a deal. I may just not have figured it out yet. Very happy with my purchase and highly recommend!
