

Decent quality and valued unit

Quality unit that works as advertised. Works well with other car launchers like Agama and Car Launcher Pro. I recommend PowerAmp media player although I'm still figuring out getting the PowerAmp EQ to work properly.

I was slightly skeptical about ordering one of these. But I decided to take a gamble and so far I'm pleased with the unit. Touch sensitivity and response is right on point. It's fairly easy to operate and more customizable than I figured it would be. It's basically just a big cell phone in your vehicle.

Upgrading from a 7" Android head unit to this 10.1" unit I had the advantage of experience with the OS and different car launchers. Take your time and research the capabilities of this PX5 Android head unit and you can do almost anything you want, car stereo-wise. Have fun making your car stereo experience your own.

Awesome single din head unit

This [single din touch screen Android unit](#) fits in my 2018 freightliner Sd114.

The plug that came with the radio plugged directly to my stock wiring harness.. did no cutting or tapping into wires.. It was not that hard to install. I was very pleased with the way the

unit operates. I had one issue with date not advancing after installing, emailed the support address and within a day had a software update sent to me which was easy to install. Then I made a suggestion to have the current time available on all mode screens and within a week they took my suggestion and sent me another software upgrade to show current time on all screens. Very happy with unit, great sound, easy to use an install, and support team is on it. Thanks to the support team for a good experience.

For the Price I love it..
