

Customer review on Pumpkin 7" Android 10 Single Din Bluetooth Flip Out Car Stereo

Android 10 CAR RADIO PLAYER

Fits great into my 2001 Porsche Boxster. It's fast, responsive, and sounds great. It has way more features than I expected. I paired the unit with some generic steering wheel controls without needing any additional adapters. The only issue with the unit is that you are limited in how you can tether your phone to share mobile data. This unit relies exclusively on WIFI / mobile hot spots, which is fine as long as you are charging your phone while driving, otherwise, mobile hot spots usually drain phone batteries quickly. I

would love to see USB tether and/or Bluetooth tethering, but PUMPKIN does not currently support those features.

The touch screen is instantaneous, and I love that you can download apps to it. The wifi and GPS have worked flawlessly so far. I've used both my home wifi in the driveway and my phone as a mobile hotspot. I've made several Bluetooth calls and asked the person on the other end how it sounded, and they couldn't tell I was on Bluetooth. I ordered the pumpkin backup cam which also works awesome.

Flip out car stereo is a good choice for your car

<https://blog.autopumpkin.com/wp-content/uploads/2019/12/Install-PUMPKIN-AA0341B-xmas.mp4>

Flip out car stereos look pretty similar to single din car stereos. But flip out receivers are equipped with a touch screen. It designed to slide out of the dash and flip up to be viewed with a single push of a button. The touch screen car radio panel can be anywhere from 5 inches to 7 inches in size.

The biggest advantage of flip out car stereo is it comes with its simple interface that hides some great features. It has the features which double din car stereos have, like

touchscreen, navigation, Bluetooth, Apple CarPlay in a single din format. Besides, the flip-out car stereos work with almost any dashboard, no matter the older cars or new car models.

[Pumpkin AA0341B](#) is a 7 inches single din head unit. It also featured as double din car stereos.
