

Pretty wild Android head unit

It's a neat little unit, with a few quirks, it has insanely fast boot time, I wish the contrast was a bit better and slightly glares. I am going to try and put a piece of anti-glare film on it to see if that helps.

I would like a widget to turn on the backup camera without being in reverse. I have the following working:

- 1) GPS with voice assist using Google maps works well.
- 2) Google browser with voice assist works well.
- 3) Hot spot using iPhone working well. (I can download, I can mirror, I can browse with Chrome+Google.)
- 4) FM/AM works well.
- 5) OBDII working via BT using the Torque app.
- 6) TPMS working via USB.
- 7) Both reverse and park signals are working turning on the

backup camera.

I'm still getting to know the product and might update later as I get more experience with this [Pumpkin Android 10 Car Stereo 7" Double Din Universal type\(PX6, 4+64G\)](#).

[The best stereo system for your car -- Android 10 car stereo](#)

When looking forward to buying an Android stereo for your car, Android 10 is an exceptional selection you need to try out. Android 10 system car stereo appears recently. Unlike other previous Android versions, Google requires the third party manufactures to pass the Google GMS verification so that to get the full features of Android 10.

Android 10

RAM
4GB

ROM
64GB

[This Android 10 double din car stereo](#) provides efficient running thanks to the 4GB RAM. It also features 64GB ROM so that you can easily install more apps. The durable stereo system allows for the hands-free call for easy receiving of calls. With audio streaming, you can easily get your favorite music online from YouTube.

Additionally, it is an ergonomic car android system that you can easily control when driving. The universal 2 din car stereo is great for use in different cars. It also comes with a GPS navigation system for enhanced performances. Lastly, it also has a quality HD touchscreen for better control and performance.
