

Great radio- gives a different look for my car

Great car stereo transformed my 2009 Honda Fit into 2020. Latest Android 10 is key and installation was easy. Highly recommend. The level of customization one has with tons of apps compared to other more expensive brands that have limited connectivity makes this a worth buy for 2020 and beyond. Great customer service as well.

The screen is vibrant with minimum reflection, installed Sygic maps that are direct and are turn by turn real time, I can hot spot phone and get real time updates. The head unit is super versatile and astatically gorgeous. I had a small user error and support was supportive communicative and awesome!! love the company and product. Installed in my cts coupe as a floating display...

Everything worked as advertised. This monitor is huge which makes YouTube videos pop! I recommend this to anybody who wants a solid android system!

Fantastic upgrade to stock radio

I installed this [Pumpkin Android 10 single din car stereo](#) on my 1999 Chevrolet Blazer and I'm surprised how easy it was. The touch screen is good, fairly responsive and stable mounted. Easy to set up and assemble.

It boots up super fast and I can rotate the screen and I can

detach the screen so I don't have to worry about theft to my 1999 blazer and I just put another one in my 2014 Caravan makes it look like a newer model.

The stereo is very sleek and stylish. We had no issues with installation and noticed a big difference in sound from the stock stereo. We've downloaded navigation apps, Spotify, and a few others to customize usage. We even played a video through Google Movies while using our cell phone as a Hotspot.

The customer service is #1! They are very responsive to all my questions.

If you're looking to upgrade your factory radio, check this unit out. You'll love it!

Best Pumpkin Customer Service

[The product](#) is as good as advertised. The product is not the only story behind how amazing was this experience. I lost the manual after it arrived, I got in contact with the company and they sent an e-replacement manual right away. After I broke the faceplate that serves as a trim to the radio. I contacted them again to see if I could buy another faceplate and they sent one free of charge. Not only the product is amazing, but their customer service is superb. I have them as my go to vendor for other things.
