

Pumpkin 7 inch Octa-Core Double Din Android 10 Head Unit

This is the [Pumpkin 7" Android Car Interface](#), a device that you can push straight in to your cars head unit, replacing your current car stereo.

Lets check out it's sepcification:

It comes with Android 10, this is great as you can use Android Auto and any of the latest apps available on the Google Play/Marketplace. It is Octa-Core with 4gb of ram. Inbuilt memory is 64gb. It's touch screen, had adjustable colour settings and you can tune in to UK radio stations as well.

As well as it's specs, there are a few things that are inbuilt and these features seem to be mainstay on these devices and this is no different.

Mirror-link you can watch what is on the Pumpkin device on your smart phones, either via wifi or usb mirror. With usb

connection you can control the Pumpkin but on the wifi connection you can only watch what it is showing.

GPS which is inbuilt, so you can use online maps like iGo, Google, Copilot, etc and it gives voice guidance, this also depends on the application you use for your maps as they all differ a little.

AV Output means you can link to other displays or tablets that you can put on your headrests for the rear passengers, we didn't test this but it's a good feature if you have a family car.

USB/SD storage so you can add your biggest collection of music, movies, audio books, extra maps and much more.

DAB+ radio, as well as FM/AM, you can connect to your favourite digital radio station, like BBC Radio 6 in the UK which is digital only.

OBD2 means that you don't need a car diagnostic tool, you can solve some errors using this device

WIFI/3G support, as it's an android device means you can connect to local network or even wifi connections.

Cam-In allows you to link a camera, for the front or rear of your car to help with parking.

There it is, the full 'plug n play' set up that you get when you purchase the device. Make sure you check the size of the available space in your cars head unit/dash area to make sure this fits. With the device you get instructions on how it all works and fits together.

Having a touchscreen car stereo in your car

Why place a large-screen [car stereo](#) in your dash? Fantastic appearance are an excellent place to begin, however there's such a lot of you'll get from a [double din car stereo](#). you'll see all the knowledge you wish at one look, creating it easier to stay your eyes on the road. You'll even have enlargement choices like navigation and a rear-view camera offered to you within the future.

Add a rear-view camera for safety

A rear-view or backup camera will facilitate build your double-sized stereo a valuable tool against accidents, as a result of you ne'er recognize what you'll see behind you – a pet, a velocipede rider, or perhaps legendary creature (he's extremely shy). Its wide field of read offers a full heap additional of what's behind you than exploitation your mirror, and you won't need to flip your head.

Nice huge touchscreen

With an oversized screen acting as your receiver's show, it is a lot easier to scan than the 2- or 3-line displays of typical automobile receivers. you will get pleasure from having the ability to scan additional data concerning what you are being attentive to. larger icons, split-screen capability, and additional screen land add up to a satisfying automobile audio expertise. you will be ready to keep your eyes on the road a full heap higher if you are not squinched at your show, or anticipating the data to scroll by. In fact, everything you are doing together with your receiver is simpler after you have an oversized, touchscreen interface. Here are some samples of however these receivers will build your drive a lot of easier. For example: [10.1 inch touchscreen car stereo](#)

Bluetooth®

usability

Bluetooth enables you to get pleasure from hands-free oral communication exploitation your compatible phone. You'll be ready to see caller data instantly with an enormous screen in your dash, therefore you'll keep your eyes on the road and your hands on the wheel. Some receivers additionally permit audio streaming from phones.

GPS navigation

Get a stronger map read than phones or most moveable navigators will deliver. And if your receiver doesn't feature intrinsical navigation, you may be ready to add steerage with Associate in Nursing outboard unit, or hook up with Associate in Nursing iPhone app like MotionX-GPS Drive that works over 3G signals.

User-friendly HD Radio™

HD Radio broadcasts sound nice, and a **double-din** receiver provides far more data than an everyday stereo. You'll see album art and station logos from choose broadcasters, plus song, creative person and album data. And you'll tag songs for later purchase from iTunes® right the radio.

Convenient stereo controls

One of the most blessings of any big-screen [car stereo](#) is that the easy rummaging the menus. whether or not you're searching for a song on your iPod, a favourite satellite station, or the equivalent weight settings, a big, colourful touchscreen makes finding functions intuitive and straightforward.

Dual-zone listening

If you are toting your family around, the "dual-zone" capability that some receivers supply enables you to separate the rear-seat diversion from the front. Your backseat passengers will hear their tunes or watch movies on a second monitor, whereas you hear the ballgame up front.
