

Why would you need a new VW radio?

A brand new [VW radio](#) will give you better sound and more playback options than the factory radio.

Better sound quality: Superior built-in power and better circuit design mean that an aftermarket car stereo isn't just louder than the factory stereo, it also produces cleaner, richer, more detailed sound. Enhanced tone controls in the preamp section mean that you can do a better job fine-tuning the music.

New sources: One of most common reasons to get a new stereo for your VW is to expand your system's music playback and other capabilities. Aftermarket stereos offer advanced capabilities, such as:

- MP3/WMA/AAC playback
- iPod and iPhone support
- Support for Android phones

- Satellite radio
- HD Radio reception
- DVD playback
- Bluetooth connectivity
- GPS navigation
- Support for Pandora Internet radio and other app-related sources

We're also seeing increased integration of smartphone apps with both iPhones and Android smartphones. Other popular reasons for purchasing a new [VW Android 4.4 stereo](#) include:

More features: Advanced features on new stereos include full-color animated displays, customizable color schemes, touchscreen monitors, and precision sound controls like digital time correction and parametric equalization.

Cool cosmetics: Aftermarket car stereos, with their high-tech displays and cutting-edge layouts, can enhance the appearance of your car's interior.

Expandability: Auxiliary inputs, USB connections, and audio/video outputs let you expand your system by connecting portable music players, rear seat video screens, external amplifiers, and powered subwoofers to your new stereo.

Security: Features like detachable face plates and security codes help protect your investment from theft.
