Why would you need a new VW radio?

A brand new <u>VW radio</u> will give you better sound and more playb ack options than the factory radio.

Better sound quality: Superior builtin power and better circuit design mean that an aftermarket ca r stereo isn't just louder than the factory stereo, it also pr oduces cleaner, richer, more detailed sound. Enhanced tone con trols in the preamp section mean that you can do a better job fine-tuning the music.

New sources: One of most common reasons to get a new stereo for your VW is to expand your system's music playback and other capabilities. Aftermarket stereos offer advanced capabilities, such as:

- MP3/WMA/AAC playback
- iPodand iPhone support
- Support for Android phones

- Satellite radio
- HD Radio reception
- DVD playback
- Bluetooth connectivity
- GPS navigation
- Support for Pandora Internet radio and other apprelated sources

We're also seeing increased integration of smartphone apps wit h both iPhones and Android smartphones. Other popular reason f or purchasing a new <u>VW Android 4.4 stereo</u> include:

More features: Advanced features on new stereos include full-color animated displays, customizable color schemes, touchscre en monitors, and precision sound controls like digital time co rrection and parametric equalization.

Cool cosmetics: Aftermarket car stereos, with their hightech displays and cuttingedge layouts, can enhance the appearance of your car's interior.

Expandability: Auxiliary inputs, USB connections, and audio/vi deo outputs let you expand your system by connecting portable music players, rear seat video screens, external amplifiers, a nd powered subwoofers to your new stereo.

Security: Features like detachable face plates and security co des help protect your investment from theft.
